PROFESSIONAL SUMMARY

Motivated MERN Stack Developer currently pursuing B.Tech in Computer Science Engineering (7th Semester). Skilled in developing full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Built projects such as Employee Management System and Hospital Management System with secure backend APIs and responsive user interfaces. Passionate about problem-solving, clean coding, and creating efficient and user-friendly web applications.

EDUCATION

Vivekananda Global University

August 2023 – June 2027

B.Tech in Computer Science Engineering

CGPA: 8.34/10.00

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS

Backend: Node.js, Express.js, **Database:** MongoDB, MySQL

Programming: C, Python, Java (Basics)

Tools: Git, GitHub, VS Code, Postman

PROFESSIONAL EXPERIENCE

Codec Technologies — MERN Stack Developer Intern

August 2025–October 2025

- Developed and tested RESTful APIs using Node.js and Express.js to support efficient backend functionality.
- Integrated MongoDB databases with backend services for reliable data storage and management.
- Assisted in developing responsive frontend components using React.js for user-friendly web interfaces.
- Collaborated with the development team using Git and GitHub for version control and project management.
- Identified and resolved application issues while debugging and optimizing overall application performance.

PROJECTS

- Hospital Management System:** - Managed patients, doctors, and appointments. , Developed secure APIs and CRUD operations. , Designed admin dashboard for record management.
Tech Stack: React.js, Node.js, Express.js, MongoDB
- Employee Management System:** - Managed employee records and attendance., Implemented CRUD operations and authentication. , Designed responsive admin dashboard.
Tech Stack: React.js, Node.js, Express.js, MongoDB
- Personal Portfolio Website:** - Designed responsive personal portfolio website. , Showcased projects and technical skills. , Optimized for mobile responsiveness.
Tech Stack: HTML, CSS, JavaScript

EXPERIENCE & RESPONSIBILITY

- Worked as Coordinator of the Research & Development Cell at VGU.
- Participated in student-led technical activities and projects.
- Helped organize coding, technical, and innovation activities.
- Worked with students and team members to support college technical events.

SOFT SKILLS

Problem Solving, Teamwork & Collaboration, Communication Skills, Adaptability
Time Management, Quick Learning
